

Baja Bums B.S.

Wrap Up 2011

CORONA, ALTA CALIFORNIA

VOLUME 13, ISSUE 4

The Baja Bums is a group of family, friends, friends of friends and friends of family who get together every year to enjoy the hospitality of Baja California

It's A Wrap

It appears that every other year we are not going to see any tuna and therefore our overall numbers are going to be dismal. Last year we averaged almost five tuna per angler and this year we had a total of one. Add in some really ugly water on the first day which saw 4 out of 5 boats get skunked and you can see why our numbers were less than we would have hoped for.

Tim, Lee & Steve Hold Early Lead To Win

Tim, Steve and Lee jumped out to a big lead on the first day and survived a bad second day to win the 2011 Baja Bums Fishing Tournament.

With three marlin, a dodo and a wahoo on day one, these guys built a lead that was insurmountable.

Doug, Andy and JC had a good second day with three marlin and the only tuna of the trip, but ultimately fell a little short.

Tony, Rudy and Shawn finished third with one marlin and one dodo.

Largest dorado was a tie at 32 lbs. and Lee beat out Rudy on the coin flip.

Bottom line is, the fishing was great but the catching wasn't so good.

Here's A Thought

Nothing makes a fish bigger than almost being caught.
